

Product sheet – Chrysal Supreme Universal liquid Sachets loose and on string

General

- Unique concept: liquid cut flower food that can be attached automatically.
- Special outer carton provides up to 70% less cardboard compared to a box with powder sachet on string and 40% compared to a box of loose liquid stick.
- Compact and easy to handle box with handles and resealable lid.
- Chrysal's improved flower food for maximum flower freshness.
- For the complete development of all types of cut flowers.
- Supplies all the necessary nutrients to all arrangements, either as straight line or as mixed bouquet.
- Increases vase life up to 60% compared to water alone.
- Available in sachets for 0.5 litre, 1 litre, 1.5 litre and 2 litre of solution. Both loose and on a string. Also available in twin sachets for 0.5 litre, 1 litre, 1.5 litre and 2 litre of solution.

Automatic application

- Liquid sachets can be automatically attached using the Chrysal Liquid Binder from Bercomex (exclusive for Chrysal).
- Automatic application reduces production costs up to 3 cents per bouquet.
- Possible to transport up to twice as much consumer units per pallet (calculation per referent are available at your account manager).
- The new packaging makes it easy to connect boxes to each other, so there is no loss of time due to changing boxes.

Sustainability

- Special outer carton provides up to 70% less cardboard compared to a box with powder sachet on string and 40% compared to a box of loose liquid stick.

Effects

- Improves flower opening, colour and leaf quality.
- Vase life guarantee of over 7 days possible.
- Lowers the pH of the water.
- Dissolves clearly and without odour in water.

Applications

- Suitable for all types of tap water.
- Can be easily attached to bouquets, either automatically or by hand.
- No need to change the water or to re-cut stems during the period in the vase.

Savings

- Lower production cost.
- Reduces flower wastage.
- Reduces the number of possible consumer claims.
- Added quality value at low cost per stem.

Recommendations

- Store under cool, dry and dark conditions, preferably between 5°C and 25°C.
- Shelf life: 18 months when stored under the right conditions.
- The pH of the ready to use solution is 3.5-5.5 depending on the alkalinity of the water.
- Dosage: Available in sachets for 0.5 litre, 1 litre, 1.5 litre and 2 litre of solution.
- Do not use in unprotected metal vases (zinc, copper, iron) or (antique) crystal vases.
- If necessary top up vase with water containing Chrysal Supreme cut flower food.
- Residual solutions may be drained into the sewer system.
